## AIDS – Is It God’s Judgment?

### Radio Message by Dwight Porter, D.D.

**T**HE awesome judgment of God, that I have long predicted, is now upon us. The fiery plagues are now running rampant among us. Drug abuse is out of control. The policemen in large percentages have been corrupted by easy drug money. Seducing spirits and demon oppression is far more prevalent in these last days. Immorality, crime, plagues, diseases, drugs, abortion, homosexuality, and terrorism are on the increase. We have lost our courage as a nation to deal with such contaminating influences. We cannot even isolate this deviate society, so on it goes spreading wreck and ruin. The AIDS victims alone will soon cost trillions of dollars for medical care. On we go without facing the reality of our victimization. And you wonder why I question the moral courage of our judicial system and national leaders?

With the Christian heritage that goes back to our founding fathers, the Puritans and Pilgrims, we are the demonstration of a nation that has been singularly blessed of God. That same nation will face the ultimate judgment by the same God. Israel is the plain illustration of this fact. “See, I have set before thee this day life and good, and death and evil, In that I command thee this day to love the Lord thy God, to walk in his ways, and to keep his commandments and his statutes and his ordinances, that thou mayest live and multiply; and the Lord thy God shall bless thee in the land to which thou goest to possess it. But if thine heart turn away, so that thou wilt not hear, but shalt be drawn away. And worship other gods, and serve them, I declare unto you this day, that ye shall surely perish, and that ye shall not prolong your days upon the land, to which thou passest over the Jordan to go to possess it. I call heaven and earth to record this day against you, that I have set before you life and death, blessing and cursing; therefore, choose life, that both thou and thy seed may live” (Deuteronomy 30:15-20).

Long have I wondered when God’s wrath will be revealed against our moral deterioration, corrupted national leaders, defiance of God’s physical laws, and murder of millions of our future generations by means of abortion. How interesting to note that a disease among us, for the most part, is communicated through perverted sexual relationships. This seems to be its origin and promotion until it now reaches the heterosexuals. Within four years 100 million could have AIDS, according to the General Accounting Office Report. The AIDS virus in Africa is spread primarily through heterosexual contact. America will eventually reach the same position with the greatest economic, social, and criminal upheaval of this nation’s history. One further word from GAO: “No country in the world, including USA, currently has an accurate estimate of the actual number of infected people.” I believe the cover-up of AIDS continues unabated. AIDS is a direct consequence of the promiscuity fostered by the sexual revolution of the 60s. God still said NO to adultery, fornication, and perverted sexual relationships (Romans 1:26-28; Galatians 5:19-21).

State Senator from California, H. L. Richardson, has stated the issues more effectively than I can. Notice carefully his opinion:

*“We live in a time of madness, a time when public and private foolishness reigns. We have among us a plague, a disease so deadly that anyone who is contaminated will most likely die.*

*The official estimate is that one to two million Americans are carriers of (it is) plague; some estimates run as high as four million. We can observe two hundred Americans and know that, mathematically, one is a deadly transmitter of the AIDS virus and poses a threat to USA!! But the ‘one’ who is contaminated is unidentified. Why? Because the law protects AIDS carriers from disclosing their identity, thereby concealing the magnitude of the problem. Imagine that! A deadly disease with civil rights.*

*“In California, the madness is complete. A doctor is restricted by law from informing another doctor that a referred patient has AIDS. Legally, doctors cannot tell hospital nurses, or any health care provider who may come in contact with the infected person, that his patient has AIDS. A doctor can’t even inform the spouse of an infected individual. What monumental ignorance, what dangerous superciliousness, what deadly logic –murder in the name of privacy!*

*“Americans shouldn’t kid themselves. Doctors are discussing the possibilities of their personal infection. It is becoming a factor in early retirement for members of the medical community, and as the problem gets worse, we will have fewer doctors to treat the disease.*

*“American lawmakers should be debating ‘how’ we should test all adult Americans, not ‘if’ we should test. Since studies show that 85 percent of those who carry the live virus are unaware they have it, our public policy must promote widespread testing. Carriers must be made aware of the fact they have the disease so they will avoid infecting others. Actually, they could be murdering others without even knowing it. Studies have shown people can be carriers for 10 to 15 years without any symptoms.*

*“Our medical authorities desperately need to know who is and who is not a carrier. We need to get on with the testing as soon as possible. Every day that passes without testing exacerbates the problem. It’s time for the State Department of Health to devise a plan for mandatory state testing. It’s going to happen, but it’s only a matter of time, courage, and leadership.”*

The shocking facts about the AIDS plague is that it is being treated as a civil rights issue, rather than as a matter of public health. New York State, pressured by homosexual and civil rights lobbies, has now issued regulations forbidding insurance companies from testing applicants for the virus before issuing policies. In other words, the public’s health is to be abandoned. The State of California exacted a similar prohibition.

I am indebted to David Nobel who revealed some of the following scriptures in his publication, *Journal*.

Listen carefully toll Chronicles 21:12-15, 18-20. “And there came a writing to him from Elijah, the prophet, saying, Thus saith the Lord God of David, thy father, Because thou hast not walked in the ways of Asa, king of Judah, But hast walked in the way of the kings of Israel, and hast made Judah and the inhabitants of Jerusalem to play the harlot, like the harlotries of the house of Ahab, and also hast slain thy brethren of thy father’s house, who were better than thyself, Behold, with a great plague will the Lord smite thy people, and thy children, and thy wives, and all thy goods; And thou shalt have great sickness by disease of thine intestines, until they fall out by reason of the sickness day by day. And after all this the Lord smote him in his intestines with an incurable disease. And it came to pass that, in process of time, after the end of two years, his intestines fell out by reason of his sickness; so he died of severe diseases. And his people made no burning for him, like the burning of his fathers. Thirty and two years old was he when he began to reign, and he reigned in Jerusalem eight years, and departed without being desired. Howbeit, they buried him in the city of David, but not in the sepulchers of the kings.”

Dr. Robert Felcltman is a Clinical Assistant Professor of Surgery at the University of Texas. He works with AIDS patients and reports the above scriptures accurately describe the end stages of AIDS. Because of the destruction of the immune defense system, and the frequent oral-anal contact between homosexual partners, parasitic and bacterial diseases flourish in the intestines. I dare not enlarge on this subject. Such relationships have been classified as abominable to God. How did we ever arrive at the conclusion that we could get by in direct rebellion against God’s revealed law?

“He preserveth not the life of the wicked, but giveth right to the poor. But the hypocrites in heart heap up wrath; they cry not when he bindeth them. They die in youth, and their life is among the unclean” (Job 36:6, 13, 14).

AIDS is not a new disease; it is as old as homosexuality. Syphilis and herpes also continue their destructive forces. AIDS victims contribute nothing to our society because they cannot work. Our care for them will eventually bankrupt our medical system unless we move into socialized medicine.

The Bible has a great deal to say about sickness, do you think that God will treat America with less scorn than His own people, Israel? “But it shall come to pass, if the wilt not hearken unto the voice of the Lord thy God, to observe to do all his commandments and his statutes which I command thee this day that all these curses shall come upon thee, and overtake thee. The Lord shall make the pestilence cling unto thee, until he has consumed thee from off the land, to which thou goest to possess it. The Lord shall smite thee with a consumption, and with a fever, and with an inflammation, and with an extreme burning, and with the sword, and with blight, and with mildew; and they shall pursue thee until thou perish. The Lord will smite thee with the boils of Egypt, and with the tumors, and with the scab, and with the itch, whereof thou canst not be healed. The Lord shall smite thee with madness, and blindness, and astonishment of heart. The Lord shall smite thee in the knees, and in the legs, with a sore boil that cannot be healed, from the sole of thy foot unto the top of thy head. If thou wilt not observe to do all the words of this law that are written in this book, that thou mayest fear this glorious and fearful name, the Lord thy God. Then the Lord will make thy plagues wonderful, and the plagues of thy seed, even great plagues, and of long continuance, and severe sicknesses, and of long continuance. Moreover, he will bring upon thee all the diseases of Egypt, which thou was afraid of, and they shall cling unto thee. Also every sickness, and every plague, which is not written in the book of this law, them will the Lord bring upon thee, until thou be destroyed. And ye shall be left few in number, whereas ye were as the stars of heaven for multitude; because thou wouldest not obey the voice of the Lord thy God” (Deuteronomy 28:15, 21, 22, 27, 28, 35, 58-62).

“And David’s heart smote him after he had numbered the people. And David said unto the Lord, I have sinned greatly in what I have done; and now, I beseech thee, O Lord, take away the iniquity of thy servant; for I have done very foolishly. So the Lord sent a pestilence upon Israel from the morning even to the time appointed; and there died of the people, from Dan even to Beer-sheba, seventy thousand men. And when the angel stretched out his hand upon Jerusalem to destroy it, the Lord repented of the evil, and said to the angel who destroyed the people, It is enough; stay now thine hand. And the angel of the Lord was by the threshing floor of Araunah, the Jebusite” (II Samuel 24:10, 15, 16).

Almost all AIDS victims have tuberculosis. “Madness” is a Bible term. The AIDS virus zeroes in on the nervous system. The

brain is slowly destroyed and causes a deterioration into madness. (Newspapers recently reported this fact.) The patient slowly becomes a psychopath. The insurance companies have the right to conduct any medical test, but not so in some states where the gay lobby has sufficient clout. They have done away with the blood test. The result? Many insurance companies will be leaving such areas. Robert Waldron, director of the New York office of the American Council of Life Insurance, stated that individuals will see insurance costs which are \$1,000 today climb to \$5,000. Already our government is assisting homosexuals by the thousands.

### **Time to Wake Up**

AIDS is not essentially a homosexual or venereal disease. It is a disease that anyone can get. When God’s judgment falls upon a nation, all suffer. The righteous along with the ungodly are victimized by its consequences.

Our entire black population in the USA is 12 percent. Yet 25 percent of all AIDS victims are black. Fifty-two percent of women with AIDS are black. Of 3,000 babies born with AIDS, 90 percent of them are black. If mandatory testing becomes a reality, the nation is in for a terrific shock as to how many people in the market place are already contaminated. They will die! Eventually, this will include millions.

God is not mocked. How can we murder babies and live in the filth of immorality without expecting to pay a dear price? I have often wondered how long will God wait for judgment. It begun already, and only He knows the end result. Previous plagues have taken 25 to 50 percent of the entire population of Europe and elsewhere. I expect AIDS to be a much higher ratio around the world. Many of these victims will land in Hell without the transforming work of Christ within them. May God help us to reach them with the gospel of Jesus Christ.

Hell yawns to receive those who refuse the authority of God. Heaven is being prepared this moment by Christ to receive those who rest upon His finished work in their eternal behalf. “And if! Go and prepare a place for you, I will come again, and receive you unto myself, that where I am, there ye may be also” (John 14:3).

In grace, He has informed you of His provision for your possession of all His benefits and Heaven too. “Jesus saith unto him, I am the way, the truth, and the life; no man cometh unto the Father, but by me” (John 14:6). Remember, we depend upon a Person, not our course of action or some church affiliation. Christ alone becomes the Savior for those who repent and place their confidence in Him for deliverance of sin.

The shed blood on Calvary’s cross means a life has been laid down. This is the judgment of God being realized. Christ arose from the dead and will share His life with anyone who commits himself to His authority. Remember, sin is the act of ruling ourselves, in open hostility against God. God, through the power and provision of His Son, will change your loyalties, motivations, and appetites. “Therefore, if any man be in Christ, he is a new creation; old things are passed away; behold all things are become new” (II Corinthians 5:17).
